## WORK EXPERIENCE

### Product Designer | Roadmunk

Toronto, ON | Dec 2019 - Current

- Introduced rigor in the product development process by testing and iterating design concepts early across multiple cycles with both current customers and non-customers
- Incorporated UX research, ideation, prototyping, and user testing into the product delivery phase to deliver outcome-driven products that are informed by user needs

### Product Design Intern | INTERSECT

Toronto, ON | May 2017 - Aug 2017

- Redesigned UI and UX flow of 'Photos & Docs' and 'Report Builder' from ideation to launch for an insurance web application, *Claims Connect*, using Sketch
- Crafted and tested UX flows using Invision, expanded design systems using Sketch
- Collaborated with designers, PMs and clients to deliver features under a tight timeline

### Product Design Intern | Noom Inc.

New York City, NY | Sep 2016 - Dec 2016

- Designed UX flow and Marvel prototypes for Noom Coach on iOS and Android
- Led initiative for creating a design system for optimizing design and development
- Worked closely with PMs, engineers, and other designers to iterate on new features

## PROJECT EXPERIENCE

### Graduate UX Designer | Intel + University of Washington

Seattle, WA | May 2019 - Aug 2019

- Created Figma and Principle prototypes to validate and prioritize feature implementation for the design of a Windows desktop application
- Defined product strategy, user stories, and system architecture for the project
- Conducted user interviews & usability studies to guide product development

### Graduate UX Researcher | Microsoft HoloLens + University of Washington

Seattle, WA | Feb 2019 - May 2019

- Conducted ethnographic interviews with 20 filmmakers and film experts to unearth opportunities for designing HoloLens applications in filmmaking
- Presented research findings and design opportunities to Microsoft MRW

## EDUCATION

### Master of Human-Computer Interaction and Design

Seattle, WA | Sep 2018 - Aug 2019

University of Washington

### Bachelor of Applied Sciences, Chemical Engineering Co-op

Waterloo, ON | Sep 2013 - Apr 2018

University of Waterloo

## SKILLS
